A.A.U. HAS FIGHT ON ITS HANDS

Not Believed Canadian Association Will Stand by Rulings of Sullivan's Organization.

New York, Feb. 18.—There seems to be every prospect that there will be trouble between Canada and the United States over the Olympic games to be held in London next summer. It is now said that the Dominion government expects to appropriate \$20,000 to send an athletic team to take part in the games and it is further said that Tom Longboat, the Indian long distance runner, will surely be a member of the team.

There is no doubt that the Americans would promptly file a protest against Longboat, as he is under suspension by the Amateur Athletic Union on charges of professionalism, and if he were to compete no American athlete would be allowed to take part in the games, in which he was entered, including the Marathon race, the greatest contest of the meeting. It is said that in an extreme case the entire American team might be withdrawn from the games, although this is hardly likely.

M'GRAW'S MEN GO SOUTH.

New York Giants Start Spring Training at Marlin's Spring.

New York, Feb. 18.—Seven players of the New York National league baseball team are on their way to join Manager McGraw at Marlin's Spring, according to Secretary Fred Knowles. Bresnahan, Merkle and Bereber have left Toledo, O., for the south. Mr. Knowles said, and Hersch, third baseman; O'Brien, outfielder; and McKinney and Maloney, pitchers, are on their way from other points. The next batch of players will leave for the south on March 1. Those who will make the trip from New York are Mathewson, Donlin, Devin, Lynch, Wills, Tenney and Hannahan.

TRAINING FOR SKATING RACE.

The question of who is the better roller skater will be decided at the Auditorium on Friday evening next when a mile race will be run between Willie Shutz and Joe Forest. Young Shutz claims the Utah championship. Forest claims the California state championship and is anxious to win the Utah title. The pair have been matched for a race on Friday evening and the contest promises to be a most exciting one. Both are now in training for the race.

LOOKING FOR TENNIS TEAM

National Association Would Like to Send Strong Combination to Australia.

New York, Feb. 18.—Although Beals C. Wright, it was stated yesterday, is definitely out of consideration in connection with the Davis tennis cup plan, as is also probably William A. Larned, it is nevertheless announced that arrangements are being made for American participation in the 1908 competition for the cup. The national executive committee is to hold a meeting here next week and letters sounding the players of the leaders' rank throughout the country have been sent with the view of the selection of a team to be sent to Australia for the matches. It is hoped that enough favorable replies will be received to warrant the picking of a first rate team from among the American tennis leaders, among these being Beals C. Wright and William A. Larned, who have been invited to make known their sentiments toward an Australian trip. Others are Raymond, Little and Clarence Hobart; also Irving C. Bright, Frederick C. Colson, Fred D. Alexander and Edward B. Dewhurst.

JENSEN GOES TO SPOKANE

Salt Lake Twirler Given Back After Being Drafted by Portland.

Irvin Jensen, the Salt Lake southpaw who has been playing in the Northwest, left for the past week, said yesterday that he would be back in Spokane again this season. Judge McCredie of Portland, who had drafted Jensen at the season last year and Jensen was afterward awarded to Portland by the National association. Manager Quinn of the Spokane team thought well of Jensen, however, and at the time said he would not like to lose him. Jensen received word from McCredie yesterday that he had been turned back to Spokane and no reasons were given. Jensen thinks some sort of a deal has been fixed up between Quinn and McCredie and says that the change just suits him. He will, however, rather play in Spokane than with any other team in the northwest.

RUMOR STARTED FROM BARCELONA OUTRAGE

Madrid, Feb. 18.—There is no truth in the report current in Paris last night that King Alfonso had been assassinated. The rumor probably was an outgrowth of the bomb explosion at Barcelona yesterday, which now appears to have been the work of anarchists. In addition to killing one woman and dangerously wounding another and a child, the explosions caused much damage to buildings. The precise origin of the outrages has not been made clear, but it is interesting to note that the factions of the parliamentary opposition recently united in a request to the government to restore the constitutional guarantees in Barcelona, declaring that normal conditions prevailed.
